

United States House of Representatives

Voter Protection Pledge

I, **Person's Name**, elected as the Congressional Representative to serve the people of the 6th. District of Texas, do understand and agree that I work for and receive my salary from the American taxpayers. I understand we are a government of the people, by the people and for the people and therefore I do hereby pledge to all voters and citizens of my district, state and to the American people that I will:

ONE, invoke God's hand in helping to guide America's destiny. I will listen to and carry out the wishes of the majority of voters in my congressional district that elected me to office. I agree to make all decisions on legislative issues and cast my vote based first on how the majority of my constituents want me to vote and secondly on what is in the best interest of America and the majority of the people regardless of the effect it has on my political party, political ambitions or my being re-elected; and

TWO, honor the wishes of the vast majority of American citizens and voters who favor and support term limits for Congress. I hereby give my solemn promise that I will NOT serve more than eight years in the House of Representatives or a total of twelve years in the House and Senate. If I serve four terms in the House, I will not run for the U.S. Senate. I will NOT lobby any members of Congress personally or otherwise for a minimum of five years after leaving office. I hereby agree that the only other elected federal position that I could seek would be the Office of President of the United States; and

THREE, sponsor and/or support a tax limitation/balanced budget amendment that will insure the restoration of a conservative fiscal policy for the entire federal government to eliminate wasteful and unnecessary spending. I will work diligently to find ways to reduce the federal deficit, eliminate borrowing and reduce the size and cost of our government; and

FOUR, sponsor and/or support legislation for a complete overhaul of the current burdensome IRS tax code and advocate establishing a simple flat tax code that would be fair and equitable for every individual taxpayer and business in America; eliminating every possible loop-hole and tax advantage for special interests, lobbyists, big corporations and wealthy individuals.
